

Complete Weigh, Fill, and Seal System

Ships in
2 weeks!

NaePac and **APM** introduce a new weigh, fill, and sealing system recommended for any free-flowing dry material such as foods, coffee, electronic components, candy, grains, pills, plastic parts, and seeds.

- ★ AFFORDABLE
- ★ ACCURATE
- ★ DEPENDABLE
- ★ USER-FRIENDLY

Crafted and built in the USA

This compact affordable system is ideal for small or start-up companies needing to get their product into market with very little investment. The Nae Pac NPS-1 and APM TCBSDM-3/8 are designed especially for stand-up pouches and are user-friendly and easy to operate. The scale has all stainless steel contact parts, the sealer has chrome plated sealing bars, and the nickel-plated cooling system reduces wear and increases longevity of use.
